

# GED Tutoring - Say Yes to Success

A tutor will help you review and practice the knowledge and skills you'll need to pass the test. Success tutoring covers essay writing and all four GED subjects: math, language arts, social studies, and science. All tutors will provide study materials and a good study plan. Tutoring will provide student success strategies they need to achieve their academic goals including: time management, test anxiety, and preparing for the test.

The GED test has undergone many new changes. The GED tutors are familiar with these changes and will put you on the right track so you will be prepared for success. The tutors are familiar with the testing process, test questions, common mistakes, and the scoring matrix. Your tutor will help you focus on the proven success strategies of the computer-formatted GED test. Please say "yes to success" by working with a tutor today.
